SLIDE
SLIDE-PC02 45G-24LED-2700K-350 MA
RAGNI

IP 66

The originality of this trapezoidal-shaped luminaire lies in the surprising concept behind its orientation: it is parallel rather than perpendicular to the road. Providing precise asymmetric lighting, the Slide and its variations will meet your requirements for street lighting to enhance your sites. Its optimized light distribution allows for large distances between the ensembles. From design to technique, this unique, effi cient and no-frills LED luminaire has been entirely designed by the Ragni teams.
