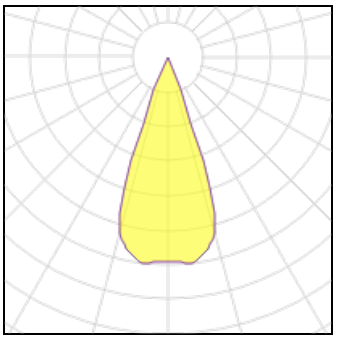
PROLIGHTS

IP 20 IK 08

The EclProfile CT+IP is a tunable white and full colour IP LED ellipsoidal designed for exterior applications such as touring, theme parks, cruise ships, and any outdoor events. It uses the same 6-colour LED source than its indoor version, but with a 30% higher lumen output, as it's equipped with a bigger power-supply and heat sink. The IP body of the fixtures takes any of the standard lenses and accessories of the EclProfile range. Its custom LED array and the powerful on-board colour control allows reaching bright and high-quality whites, up to 97 CRI, keeping a consistent colour output and ensuring a total control of the light. The wide feature set includes special theatrical functions such as tungsten emulation on dimming and colours, LEE colour presets, virtual CTO and studio functions, such as green and magenta tuning on white presets. Features: IP rated for exterior applications Rotating gobo IP65 Linear white CCT from 2,800K to 10,000K, CRI up to 96 Industry-standard colour gel matching, tungsten emulation on dimming, tint control (+/- green).

Light output 1



1 x LED

Nominal lamp power	264.3 W	LOR	100%
Lamp flux	6814 lm	Total flux	6828 lm
Luminous efficacy	26 lm/W	Total power	270 W
CCT	0 K		
CRI	86		

Mounting mode

Ceiling mounted

Shape and measurements

Length: 10.83 in
Width: 1.57 in
Height: 15.47 in

Adjustability

Rotatable, Free

Electric

System power: 270 W
Controller: DMX
Color adjustable
Appliance Class: I

Protection

IP: 20
IK: 08
Surface temperature: 70°C
Designation labels: CE
