UNI-BRIGHT TRACKLIGHT ALLIANCE 22W - HOUSING WHITE - WW - 15DEG
TT221885W+LE152215
PROLED (MBN GMBH)

IP 20

Alliance Track lights have a very compact design thanks to their build-in driver. They are therefore less disturbing when they are used in retail spaces, shop windows or showrooms. However, the light performance is their greatest asset. With 3 available outputs 15W, 22W or 38W they can easily accommodate spaces of different surface or varying ceiling heights. The optical lens ensures an optimum light beam and very low glare.
