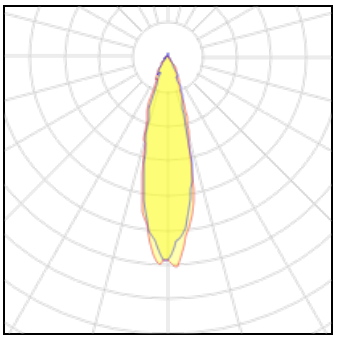
Product data sheet

LAMPION MINI
LAMPION-MINI-CIR10-1LED-2700K-350 MA
RAGNI

IP 66 IK 08

Designed for decorative lighting, Lampion is a range of cylindrical light fixtures in the form of an openwork stainless steel cage suspended from an aluminum electrical housing and protected by IK08 tempered glass. To provide atmospheric lighting, the Lampion range has an Zhaga-compatibles IP66 optical unit and a driver integrated into the head of the luminaire which allows, via a wide range of color temperatures and photometries, to precisely meet the lighting needs of the project while ensuring compliance with the regulations against light pollution. These Class I and II luminaires create ambiance through the play of light produced by the optional customizable cut-out patterns.

Light output 1



1 x LED

Nominal lamp power	14.5 W	LOR	100%
Lamp flux	948 lm	Total flux	948 lm
Luminous efficacy	65 lm/W	Total power	14.5 W
CCT	2700 K		
CRI	70		

Mounting mode

Pole top mounted

Shape and measurements

Height: 19.69 in
Diameter: 9.84 in

Adjustability

Fixed

Electric

System power: 14.5 W
Appliance Class: I

Protection

IP: 66
IK: 08
