Product data sheet

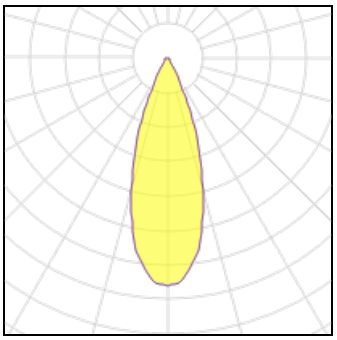
SPOT REVO EASYMETRIK 230 TW COMPACT LED 20.9W RA92 2700K 230V/50HZ IP40 MULTIMETRIK WIDE FLOOD CLOS… 387-E0-_-_-2T-MW-_.CLOSED TW@2700K

EXENIA

IP 40

Easymetrik is the ‘plug and play’ version of the fully adaptable Revo family, incorporating on board dimming, 2700k, 3200k and 4000k temperature selector and beam adjustment in a single model. The new optical modulation system allows an excursion from 15° to 60° thanks to the micro-translation of the focal length and an interchangeable double lens, guaranteeing precision and uniformity. Light intensity can be modulated by means of a standard logarithmic dimmer. Luminous efficiency reaches 110 lm/W with fluxes up to 3276 lm, maintaining a high standard of quality. The compact design does not differ from the homologous Revo and Revo Multimetrik series, ensuring aesthetic continuity and family feeling. Interchangeable lenses allow two complementary ranges of apertures 15°-36° and 32°-60° to be included according to the chosen configuration criteria. Available in Medium, Compact and Max variants with CRI 92 and 98 and colour tolerance 3 MacAdam Step

Light output 1



1 x LED

Nominal lamp power	23.4 W	LOR	100%
Lamp flux	1770 lm	Total flux	1762 lm
Luminous efficacy	76 lm/W	Total power	23.4 W
CCT	2700 K		
CRI	92		

Mounting mode

Ceiling mounted

Shape and measurements

Length: 2.95 in
Width: 2.95 in
Height: 4.25 in

Adjustability

Fixed

Electric

System power: 23.4 W

Protection

IP: 40
