CLARA VII (CLEAR ATTACHMENT)  
9.767.3042.05  
LEIPZIGER LEUCHTEN

For medium/high light requirements, mounting height 4.00 – 7.00 m. - Impact-resistant clear/opal polycarbonate attachment,UV- stabilized - High-pressure lamps with coated bulbs use reflector lamellae made of premium highest-grade aluminium, burnishid and anodized, for light guidance and glare limitation - Computer-optimized reflector system for high-pressure lamps with clear glass tubular bulbs ensures excellent illumination -Aluminium reflector finished in special white paint for max. light reflection - Corrosion-resistant cast aluminium unit carrier, painted - All electrical components on one block - Adapter jack connection -Available in any RAL or DB colour without surcharge - for post dia. 76mm; order post dia.76mm separately

## Light output 1

### 1 x High pressure mercury vapour lamp

|                    |         |             |         |
|--------------------|---------|-------------|---------|
| Nominal lamp power | 80 W    | LOR         | 55%     |
| Lamp flux          | 4000 lm | ULOR        | 11%     |
| Luminous efficacy  | 25 lm/W | Total flux  | 2211 lm |
| CCT                | 3400 K  | Total power | 89 W    |
| CRI                | 54      |             |         |

## Mounting mode

Pole top mounted

## Electric

System power: 89 W

## Shape and measurements

Height: 27.56 in  
Diameter: 29.92 in
