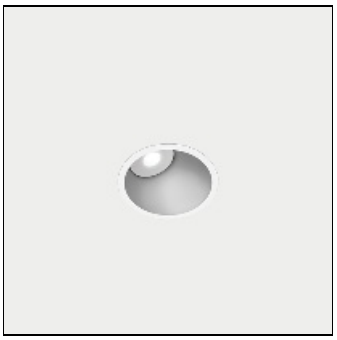
LEX MINI ASYMM 2 2700K Z
A3790210Z
ARKOSLIGHT



ARKOSLIGHT

IP 20

Lex Mini is the smaller version of Lex. Like its big brother, it offers high visual comfort thanks to the double setback of its LED which is located further back in the luminaire, and housed, too, at the end of a second screen. Its mini size is coherent with its proportions, harmonious in relation to its power and flux.
