Product data sheet

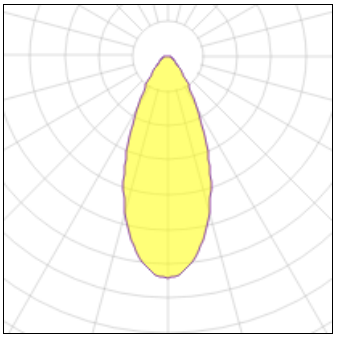

SMARTPARNEO
SMARTPARNEO_4000K_40DEG+20DEG FILTER
PROLIGHTS

IP 65

The Smart ParNeo is an IP-rated, battery-powered spotlight that combines the key advantages of the iconic Smart BatPlus uplighter with a more flexible design, expanding the range of possible applications. Equipped with 7 × 10W RGB+WW LEDs and powered by SpektraOS for advanced color control and consistency, this fixture supports both battery operation with CRMX wireless control and wired operation through power supply and chassis-mount connectors, ensuring seamless integration without limitations in either wireless or wired setups.
Smart ParNeo is compact and highly portable, featuring a round body with a flat base that makes it naturally suited for uplighting. It can also be easily converted into a focusable spotlight thanks to a quick-lock, self-standing sliding yoke, allowing use either as a ground-standing fixture or in suspended installations with cam-lock clamps. Additionally, the unit can be customized with a range of quick-mount colored covers, ideal for adapting the fixture to different event environments. A selection of light modifiers and accessories further enhances its functionality and versatility. The unit features built-in NFC for quick configuration and can be supplied with a fast-charging flight case for six units, making it perfectly suited for touring applications. The Smart ParNeo is the latest flexible and multipurpose addition to the iconic SmartBat series, setting a new benchmark in portable professional lighting.

Light output 1 (integrated)

Lamp type	LED	CCT	4016 K
Nominal lamp power	30.2 W	CRI	92
Total flux	1812 lm	LOR	100%
Luminous efficacy	60 lm/W	Total power	30.2 W

Mounting mode

Standing / Bollard, Floor mounted

Shape and measurements

Length: 4.17 in
Width: 7.64 in
Height: 7.28 in

Adjustability

Tiltable

Electric

System power: 30.2 W

Protection

IP: 65
