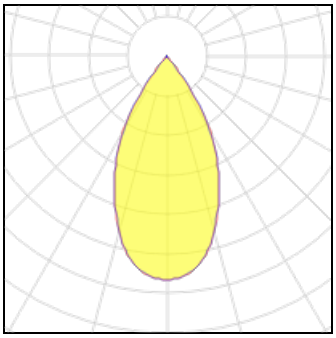
Product data sheet

BUDDY L FLOOD 2700K N
A5680030N
ARKOSLIGHT

IP 54

The sophistication of recessed lighting. Buddy is here to maximise the luminous performance of the classic recessed luminaire. It emerges with a solid and purposeful design, greater energy savings and excellent visual comfort. The product family comes in several versions with four opening angles -flood, medium, spot and super spot-. The dim to warm technology enables Buddy to facilitate comfort to the space by dimming the intensity and colour temperature. Furthermore, with the tunable White feature it can be controlled independently. Its four versions per position demonstrate its versatility: recessed, trimless, tilt and the tilt trimless version, which maintains its light output at all opening angles.

Light output 1



1 x LED

Nominal lamp power	11.5 W	LOR	87%
Lamp flux	2010 lm	Total flux	1749 lm
Luminous efficacy	175 lm/W	Total power	11.5 W
CCT	2700 K		
CRI	90		

Mounting mode

Ceiling recessed

Shape and measurements

Length: 4.41 in
Width: 4.41 in
