Product data sheet

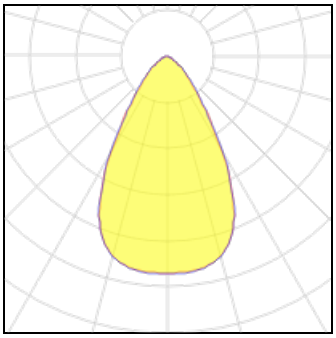

COMPACT XL 170 IP54 24W 3CCT BK
A1EMB6
AIRAM

IP 54 IK 03

Compact XL is a versatile and high-quality downlight series that creates bright and evenly distributed light. The series is designed for public spaces, such as lobby areas and corridors, and especially for offices and educational institutions. The luminaires are designed to cause as little glare as possible, and their UGR value is less than 19. The luminaire is also suitable for renovation projects. The series offers four different sizes of luminaires, including a PIR model. The power and color temperature can be selected from several options. With three housing-colour options, you can select the models that best suit your needs. Also all RAL Classic colours for the housing are available to order. The luminaires are very energy-efficient and long-lasting, and they have a good lm/w ratio.

Light output 1

1 x LED

Nominal lamp power	24 W	LOR	100%
Lamp flux	3350 lm	Total flux	3361 lm
Luminous efficacy	140 lm/W	Total power	24 W
CCT	3000 K		
CRI	80
