VISION TRACK L 3-PHASE PRO 44° BLACK_RED
7404107
HIDE-A-LITE

Vision Track – where innovation meets installation. A tracklight where you can not only select colour temperature between 2700K and 6500K, but also intensify the colours of an illuminated object with the aid of AI technology. Ideal for raising the colours of an object to a whole new level. Outstanding in dynamic environments such as car showrooms, museums, supermarkets and clothing stores – everywhere intensified colours make a difference. Take a picture of the object and let the AI technology perfectly highlight its colours or create a scenario manually using our simple app for customised lighting. The luminaire has lens technology with a high luminous efficacy. All models have Bluetooth Mesh for easy control of several luminaires. Low-build universal adapter for 3-phase track, supplied complete with integrated driver. Vision Track – smart lighting designed to make a difference.

Light output 1 (integrated)

Lamp type	LED	CCT	1 K
Nominal lamp power	9 W	CRI	-29
Total flux	142 lm	LOR	100%
Luminous efficacy	16 lm/W	Total power	9 W

Mounting mode

Ceiling mounted, Contact rail, Contact rail

Shape and measurements

Height: 6.30 in
Diameter: 3.15 in

Adjustability

Rotatable, Tilttable

Design

Color of housing: Black
Designer: Elektro Elco AB

Electric

System power: 9 W
Color adjustable
Appliance Class: II

Protection

IP: 20
Designation labels: CE
