LED RECESSED WALL LUMINAIRE EDGE QUADRO SQUARE 80X42MM 1,2W 25LM 230V 2700K BLACK  
93135  
PAULMANN

Light need not always come from the ceiling. The Edge spotlight in Black was designed specifically for in-wall mounting to create attractive lighting effects, and to increase safety in corridors or stairwells. The advantages of the non-replaceable LED lamp include its energy efficiency and long service life. The PIR-Sensor activates illumination automatically when motion is detected, while the timer function controls the time interval before automatic deactivation.
