GAM CLASSICAL AND FULL OF CHARACTER The GAM (Groot Armatuur Margriet) is a visually striking luminaire that blends well in an environment full of distinctive architecture. Margriet, the Dutch word for daisy, refers to the clearly recognisable, flower shape with the light source in its centre. The GAM combines playful and beautiful lines with perfectly balanced lighting technology. The GAM is suitable for characteristic public squares, town centres, shopping centres and residential areas. The luminaire is impact-resistant (IK10), dust-tight and waterproof (IP65).
