LIGHTRONICS

IP 65 IK 09

COLUMBA DECORATIVE AND ELEGANT The COLUMBA post-top luminaire is based on the AMPULLA luminaire. The COLUMBA has a convex hood. The light source is positioned higher than in most conical luminaires. The aim is to minimise light nuisance for traffic and light pollution, while still maintaining a high light output. These features make the COLUMBA suitable for lighting cycle paths, large car parks, public squares and residential areas. The post-top luminaire is waterproof (IP65) and impact-resistant (IK09).
