## Product data sheet

PISTA TRACK 48V LED 3000K LINEAR SPOTS (16X) FLOOD GI BLACKSTRUC 13460332

MODULAR

When you look up to see what's giving small, charming light bursts underneath our slim rail, you'll see it: a trail of tiny but powerful LED spots. As they are fully integrated in the profile, nothing sticks out beneath. Available in a unit of 16x, in black and white structure, the spots enable designers to create accents using a linear module, and keep the visual smoothness of the track rail's line. Choose between 2 beam angles, medium or flood, and 1-10V or DALI dimming systems.

## Light output 1

1 x LED	
Nominal lamp power	16 W
