Ariel PN-F P&P offers exceptional versatility and is available in two power options: 9W, 11W. It features seven color temperatures and five beam angles (14°, 18°, 24°, 33°, 52°), ensuring customizable lighting. Thanks to its recessed optics, it provides effective illumination without glare, reaching up to 900 lm output. Ariel is available in both standard and Plug&Play versions, offering complete flexibility for any installation needs. Ariel PN-F is designed for flush installation, giving the architecture a neat and modern appearance.
