BLACK FOSTER CUSTOM MODULE 5 UL SPOT DIM DALI 3000K NMG
U4534121NMG
JOKERLIGHT

Black Foster is the lighting fixture that transfers the applauded "Invisible Black" effect to a linear system. Black Foster is composed of a series of combinable modules enabling the alternation of segments with light emission and without light emission. However, whether it is ON or OFF, this luminaire always keeps the aesthetics of a perfect dark line. To the observer, it is impossible to distinguish between Black Foster parts that emit light from those that don't. Black Foster's modularity provides a wide range of different combinations, allowing to set up the light emission location as many times as needed, and adapting itself to the requirements of each project in particular.

Light output 1

1 x LED			
Nominal lamp power	12.5 W	LOR	90%
Lamp flux	1050 lm	Total flux	945 lm
Luminous efficacy	84 lm/W	Total power	12.5 W
CCT	3000 K		
CRI	90		

Mounting mode

Ceiling mounted, Contact rail

Electric

System power: 12.5 W

Shape and measurements

Length: 1.69 in
Width: 8.46 in
Height: 2.05 in

Adjustability

Fixed
