CONVEX POLE COASTLINE (GALVANIZED)  
8293183  
ZERO

Perhaps you recognise this one; Convex was launched two years ago, but as a wall fixture. Now it has evolved into both a pole fixture and a bollard. It has the same amiable expression with the slightly curved top, where the design's clarity and the construction's durability contribute to a long life. Energy efficient due to its LED technology, Convex also provides perfect illumination and suggests many areas of use. Use galvanized model when installing near coastline. Finish: Painted black (RAL 9005), silvergrey (RAL9006) or galvanized metal. Tempered glass. Symmetrical or asymmetrical light beam. LED info: Led see above. CCT 3000K. SDCM 3. CRI >80 Installation: On pole top D60mm. Connection: Cable with quick connection inside the pole. Design: Jens Fager 2016.

## Light output 1 (integrated)

Lamp type	LED	CCT	3000 K
Nominal lamp power	35 W	CRI	80
Total flux	2225 lm	LOR	100%
Luminous efficacy	64 lm/W	Total power	35 W

## Mounting mode

Pole top mounted, Pole integrated

## Shape and measurements

Length: 8.71 in  
Width: 13.12 in  
Height: 9.30 in

## Adjustability

Fixed

## Design

Color of housing: Black, Silver gray

## Electric

System power: 35 W  
Controller: DALI  
Suitable for feed-through wiring  
Appliance Class: I

## Protection

IP: 65  
Designation labels: CE
