MAXLED 500 LED STRIP SMART HOME ZIGBEE 3.0 RGBW COATED BASIC SET 3M IP44 27W 350LM/M 60 LEDS/M RGBW...
78884
PAULMANN

With an output of 27W, MaxLED strips are powerful enough to be used for room illumination. They are real highlights especially in profiles. The mood-setting colour-change function allows you to create your own living atmosphere – ranging from monochrome continuous lighting to multi-coloured light effects. A diode in white (W) additionally provides a cosy warm white light and makes it unnecessary to mix a white tone from the colours red, green and blue (RGB). The basic set not only includes the strip, with a length of 3 m, but also a suitable ballast and smart controls, thanks to the integrated Zigbee 3.0 function. Zigbee 3.0 is a radio transmission protocol that interlinks devices from different manufacturers. Depending on your needs, the set can also be extended with additional strips and connectors.

Light output 1

1 x LED			
Nominal lamp power	27 W	LOR	100%
Lamp flux	1050 lm	Total flux	1050 lm
Luminous efficacy	39 lm/W	Total power	27 W
CCT	3000 K		
CRI	80		

Mounting mode

Ceiling mounted

Shape and measurements

Length: 118.11 in
Width: 0.49 in
Height: 0.12 in
Weight: 0.51 kg

Adjustability

Fixed

Design

Material impression: Plastic
Color of housing: Silver gray

Electric

System power: 27 W
Color adjustable
Appliance Class: II

Protection

IP: 44
Designation labels: CE

Other operating numbers

Ambient temperature range: 37...37°F
