Product data sheet

OPTIC TRACK XS 3-PHASE 36° WHITE 3000K LENS_HONEYCOMB
7403788_L_HC
HIDE-A-LITE

Minimalist, dimmable tracklight with reflector technology. Replaceable LED and driver – built for the future. Using the DIP-Switch colour temp function, colour temperature is easily adjusted with the touch of a button on the back of the luminaire. With reflector technology, high luminous efficacy is ensured with distinct and clear light distribution – perfect as accent lighting when you want to direct the light onto what you want to highlight, but also as general lighting in both private and public environments. Low-build universal adapter for 3-phase track. For improved glare reduction, the Honeycomb accessory can be added to the luminaire. You can easily replace the reflector with a lens accessory to adjust the light distribution as needed.

Light output 1 (integrated)

Lamp type	LED	CCT	3000 K
Nominal lamp power	9.7 W	CRI	90
Total flux	697 lm	LOR	100%
Luminous efficacy	72 lm/W	Total power	9.7 W

Mounting mode

Ceiling mounted, Contact rail

Shape and measurements

Height: 4.72 in
Diameter: 2.36 in

Adjustability

Rotatable, Tiltable

Design

Color of housing: White
Designer: Elektro Elco AB

Electric

System power: 9.7 W
Color adjustable
Appliance Class: I

Protection

IP: 20
Designation labels: CE
