AURA LIGHT

Brahe Panel is a LED-panel equipped with two 300x60 mm downlights with the latest LED technology for maximum efficiency and optimal light distribution. Its high-quality lens and reflector technology minimize glare and provide precise and pleasant lighting. INFO to the lighting designer: Please note that the light openings cannot be controlled separately in practice, as both downlights are controlled together by a 1-channel driver. However, it is possible to order a version with separate control upon request.
