BLACK FOSTER CUSTOM MODULE FIT 27 UL 46° DIM DALI 4000K NT
U4540232NT
JOKERLIGHT

Black Foster is the lighting fixture that transfers the applauded "Invisible Black" effect to a linear system. Black Foster is composed of a series of combinable modules enabling the alternation of segments with light emission and without light emission. However, whether it is ON or OFF, this luminaire always keeps the aesthetics of a perfect dark line. To the observer, it is impossible to distinguish between Black Foster parts that emit light from those that don't. Black Foster's modularity provides a wide range of different combinations, allowing to set up the light emission location as many times as needed, and adapting itself to the requirements of each project in particular.

Light output 1

1 x LED			
Nominal lamp power	7 W	LOR	81%
Lamp flux	640 lm	Total flux	518 lm
Luminous efficacy	91 lm/W	Total power	7 W
CCT	4000 K		
CRI	90		

Mounting mode

Ceiling mounted, Contact rail

Electric

System power: 7 W

Shape and measurements

Length: 0.28 in

Width: 0.55 in

Height: 1.50 in

Adjustability

Rotatable, Tilttable
