TELLUS III E27 POST 3000K 40W BLACK  
7747568  
WESTAL

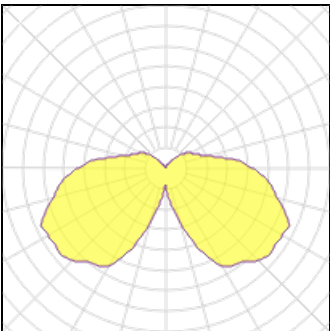

Tellus is the collective name for several classics from Westal. A luminaire series that, depending on the design, gives a different character to the villa, the apartment building or the summer cottage. The common denominator is a well-dimmed light and ring grid in metal as well as protective glass in opal or clear stable glass. High quality in the materials that have been treated with rust protection before varnishing.
