PROLIGHTS

EclDisplay is a range of revolutionary and flexible LED spotlights designed for galleries, retail and any public venue where an advanced but classical looking fixture is needed, with several control options, sources and optic versions available to precisely meet any application. The EclDisplay CAS is the version of the EclDisplay range made with integrated CASAMBI control on-board, leaving to System Integrators to install this luminaire in venues with their own wiring distribution and control. EclDisplay CAS includes a high-efficiency 25W single color LED available in 2700K, 3000K, 4000K and 5600K versions both in black and white finishing, and it is completed with a wide selection of optional zoomable profile or wash lenses, and other optical accessories like louvres and snoots, making it a truly a multi-purpose fixture. Main features: CASAMBI control on-board 25W single color LED available in 2700K, 3000K, 4000K and 5600K versions both in black and white finishing Multiple lens options: zoomable profile or wash optics
