IP 20

Las Vegas is a broad range of recessed downlights, designed for 5-star hotels. Selected high-quality LEDs, Ra 2> 95 can show the real colour of illuminated objects. The low glare (UGR<6) design makes the light looks more comtortable. Various optical accessories and beam angles give desianers lots of conveniences to realize their creative design concept and create a warm atmosphere. There are many choices in this range, fixed or adiustable or wa washer, with trim or trimless, different lP rating (some items are lP44, even lP65), different sizes of the cut-out (55mm.75mm,105mm, 125mm, 150mm), different wattages and lumen outputs, different colour temperatures, etc. Modular desian provides many flexibilities to customers. desianers and installers. The LED module is designed in different sizes and wattages, 3 pairs of magnets built-in the module, and the main body that makes the LED module can be easilixed to the main body or remove from the body, This design is very convenient for customers to replace the LED module when the LED life is ended; furthermore, the LED module and inner part can be pulled out without removing the outer frame, this design avoids damaging the celing. Las Vegas downlights drivers could be ON/OFF, Triac dimming, 0/1-10V dimming, or DALI dimming.

Light output 1 (integrated)

Lamp type	LED	CCT	4000 K
Nominal lamp power	27.73 W	CRI	90
Total flux	2580 lm	LOR	100%
Luminous efficacy	93 lm/W	Total power	27.73 W

Mounting mode

Ceiling recessed

Shape and measurements

Height: 6.61 in
Diameter: 5.31 in

Adjustability

Fixed

Glare protection

Glare protection: UGR < 19

Electric

System power: 27.73 W

Protection

IP: 20
