Stylised cylinder Nude's pure geometrical shapes are excellent for accenting architecture. The light source is recessed in the slender cylinder and is therefore practically invisible. Available in several sizes and with various diameters, always in brushed aluminium or with a white structure. Surface-mounted and suspended versions are available. The wall-mounted version is available as a downlighter or both an up- and downlighter, and is also available as Nude exterior, an IP version for use outside or in the bathroom. Designed by Joël Claisse.
