12771609  
MODULAR

Smart lighting family Smart Cake, Smart Lotis and Smart Kup form a new generation of spotlights which combine technical ingenuity with timeless design. This family's styling is based on our most popular designs. In concrete terms, the fittings consist of a module which can be combined with one of three trims to suit your requirements. The new spotlights can be combined with Smart Mask or Smart surface box to form the perfect solution for any interior. What you get is a LED module with a different finish. The light flows over the edges of the Smart Cake like its bigger sister.
