

Product data sheet

OVIX LED - 24W - 4000K
OV19285
THORLUX LIGHTING

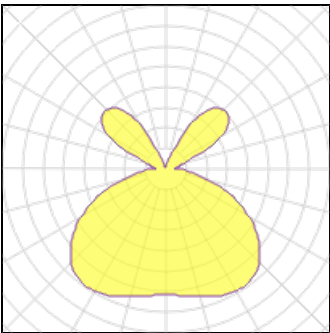

IP
40

IK
09

High efficiency LED luminaires often have visible LEDs that can cause an unsightly appearance. Masking the LEDs may involve increasing the opacity of the diffuser , which has a negative effect on efficiency. Thorlux have opted to use a clear diffuser and an indirect light source to produce the Oviv, a highly efficient LED luminaire without the ‘spotting’ so often associated with high efficiency. The excellent lateral light distribution allows for wider spacings than possible with 38W 2D or existing LED luminaires.

Light output 1

1 x LED			
Nominal lamp power	24 W	LOR	100%
Lamp flux	3685 lm	ULOR	33%
Luminous efficacy	136 lm/W	Total flux	3685 lm
CCT	4000 K	Total power	27 W
CRI	80		

Mounting mode

Ceiling mounted, Wall mounted

Shape and measurements

Height: 2.01 in
Diameter: 19.69 in

Adjustability

Fixed

Electric

System power: 27 W

Protection

IP: 40
IK: 09
