PRUNUS C DESIGN WITH AN EYE FOR DETAIL The street and yard lighting luminaires in the PRUNUS family are characterised by design with an eye for detail. The PRUNUS C is a round luminaire available in four variants, which can be used for a wide range of applications thanks to the choice of diffusers, power ratings and light profiles. The luminaire is suitable for business parks, car parks, parks, public squares, town and village centres, separate cycle paths, residential areas and district distributor roads. The luminaire is waterproof (IP66) and impact-resistant (IK10).
