

Product data sheet

MP78 LED 2700K MEDIUM WHITE BASE
93527132+93520009
MODULAR

MP78 is a LED designated profile. For accent lighting, use LED spotlights available in 2700K, in single or double lamp modules. With a depth of just 37mm, MP78 is one of the thinnest profiles on the market. Its 78mm width also makes it a very slim fixture. An ingenious detail is that the heat is automatically conducted away by the aluminium housing. The standard finishes are a white or black structure. You can also create your own colour combinations by choosing a base plate and top plate in different colours. The MP78 can be either surface mounted or suspended.

Light output 1

1 x LED			
Nominal lamp power	11 W	LOR	91%
Lamp flux	1153 lm	Total flux	1052 lm
Luminous efficacy	81 lm/W	Total power	13 W
CCT	2700 K		
CRI	90
