SELECTION BATHROOM LED CEILING LUMINAIRE OKA IP44 WHITE SWITCH 950LM 230V 24W BLACK MATT
71084
PAULMANN

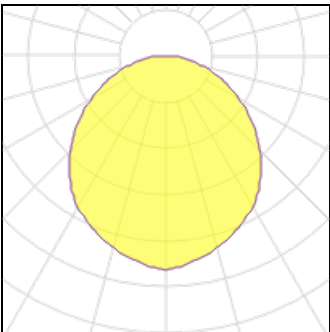

The Oka ceiling luminaire is a versatile and modern lighting solution that is perfect for use in the bathroom, as well as in other living areas. Its simple and understated design, combined with an appealing look, makes it a stylish accessory in any room. The luminaire base is made of high-quality plastic in Black matt and is designed to guarantee a long service life even in humid environments. The White Switch control technology is a unique feature. This technology allows you to choose between three different shades of white, depending on your needs and the time of day: Warm white with 3000K, neutral white with 4000K or daylight white with 6500K. By pressing an existing standard light switch, the user can cycle through different light colours, and save settings using the memory function.
