Product data sheet

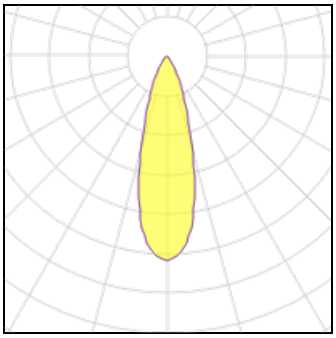

BUDDY TILT TRIMLESS SPOT 3500K N
A5081013N
ARKOSLIGHT

IP 54

The sophistication of recessed lighting. Buddy is here to maximise the luminous performance of the classic recessed luminaire. It emerges with a solid and purposeful design, greater energy savings and excellent visual comfort. The product family comes in several versions with four opening angles -flood, medium, spot and super spot-. The dim to warm technology enables Buddy to facilitate comfort to the space by dimming the intensity and colour temperature. Furthermore, with the tunable White feature it can be controlled independently. Its four versions per position demonstrate its versatility: recessed, trimless, tilt and the tilt trimless version, which maintains its light output at all opening angles.

Light output 1

1 x LED

Nominal lamp power	6.6 W	LOR	87%
Lamp flux	1210 lm	Total flux	1053 lm
Luminous efficacy	183 lm/W	Total power	6.6 W
CCT	3500 K		
CRI	90		

Mounting mode

Ceiling recessed

Shape and measurements

Length: 2.91 in
Width: 2.91 in
Height: 2.99 in

Adjustability

Rotatable
