PIN REVO SMALL SQUARE 1X BLACK HIGT CONFORT LED 9.2W RA92 3500K IP54 SPOT
123-85-R-5-27-S
EXENIA

IP 54

Recessed downlighters with IP54 protection covering the optical compartment, designed to obtain maximum performance in the smallest size, available in fixed, single and multiple square and round versions. Dedicated to an advanced lighting design, the new Revo optical systems are particularly suitable for environments with very high visual comfort. Available in three optical dimensions, 4 rotosymmetrical variants per model, all responding to UGR factors <13. Pin Revo in all its versions acquires an additional 'high comfort' meaning if configured with black optical cones. Equipped with " cross " rotosymmetrical optics, they are particularly suitable for use in projects where low luminances and photometric capabilities become crucial.

Light output 1

1 x LED

Nominal lamp power	8.7 W	LOR	100%
Lamp flux	815 lm	ULOR	100%
Luminous efficacy	94 lm/W	Total flux	815 lm
CCT	3500 K	Total power	8.7 W
CRI	92		

Mounting mode

Ceiling recessed

Shape and measurements

Length: 0.08 in
Width: 1.38 in
Height: 1.38 in

Adjustability

Fixed

Electric

System power: 8.7 W

Protection

IP: 54
