Product data sheet

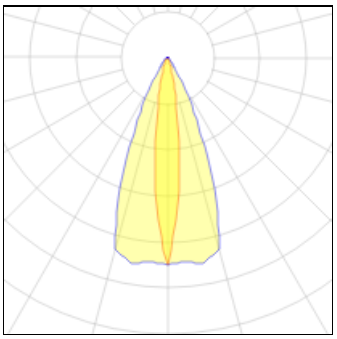

ATHLON OPTIC SURFACE WASHER / SYMMETRIC
2313-N-3-868-XX
UNILAMP

IP 66 IK 07

The ATHLON family represents the perfect blend of sleek aesthetics, superior performance, and modern functionality, making it an outstanding choice for contemporary architectural lighting. Its streamlined design seamlessly integrates into a variety of environments, from commercial spaces to high-end residential settings, while ensuring effortless installation. This user-friendly construction saves time and reduces labor costs, making ATHLON a preferred choice for contractors and designers alike. At the heart of ATHLON's exceptional performance are its Alanod Miro folded reflectors, developed using advanced lighting engineering software. These reflectors provide precise light distribution with remarkable efficacy, ensuring optimal illumination with minimal energy consumption. For even greater accuracy, ATHLON is equipped with premium lenses sourced from world-renowned manufacturers. These optics deliver consistent, high-quality performance, ensuring that light is focused exactly where it is needed. ATHLON■ €s versatility is further enhanced by a wide range of modular accessories designed to meet diverse project requirements. Options such as ground spikes and tree straps allow for flexible placement in landscaping projects, while outrigger arms and pole clamps offer secure mounting for various architectural applications. This adaptability makes ATHLON suitable for a wide range of outdoor lighting tasks. Engineered to illuminate small to medium-sized objects and areas, ATHLON is ideal for highlighting signage boards, ceilings, building facades, and decorative elements in parks or gardens. Its high-performance capabilities also make it a reliable solution for lighting premium residential premises, where aesthetics and functionality are equally important. Whether used for accentuating architectural details or creating a welcoming ambiance, ATHLON ensures consistent and visually pleasing results. Built with a focus on durability and long-term performance, ATHLON is crafted from robust materials that withstand the challenges of outdoor environments. Its modern design, combined with exceptional lighting performance and flexible installation options, makes it a standout choice for a variety of outdoor lighting applications. With ATHLON, lighting designers and architects can achieve the perfect balance of style, efficiency, and reliability for their projects.

Light output 1

1 x LED

Nominal lamp power	18 W	LOR	80%
Lamp flux	2310 lm	Total flux	1856 lm
Luminous efficacy	128 lm/W	Total power	20 W
CCT	4000 K		
CRI	80		

Mounting mode

Wall mounted

Shape and measurements

Length: 5.31 in
Width: 5.31 in
Height: 3.85 in

Electric

System power: 20 W
Appliance Class: I

Protection

IP: 66
IK: 07

Adjustability

Rotatable, Tiltable
