Product data sheet

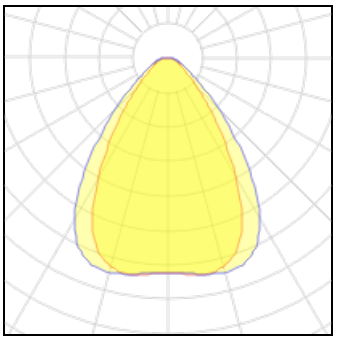

MAXOS FUSION LL623X LED62S/840 MB HE EL3 LL500X

PHILIPS

Guaranteed performance, thinking ahead Maxos fusion is an adaptable LED trunking system that offers an excellent quality of light while more than halving energy costs compared to fluorescent lamps. For retail applications, a family of linear panels, non-linear modules and a spot portfolio can be smoothly integrated into the track backbone to let your merchandise sparkle and stand out. For industrial applications, the focus is on reducing installation and maintenance cost by using fewer linear panels. With the electrical set-up of up to 13 wires, the freedom to position these fixtures as required and the integration of other services/third-party hardware, the system allows you to reduce ceiling clutter. It can also be easily re-configured to accommodate future lay-out changes. The infrastructure is enabled to integrate sensors for data collection, giving you the opportunity to use insightful granular information to support your business.

Light output 1 (integrated)

Lamp type	LED	CCT	4000 K
Nominal lamp power	3.7 W	CRI	80
Total flux	560 lm	LOR	100%
Luminous efficacy	151 lm/W	Total power	3.7 W

Mounting mode

Ceiling mounted

Shape and measurements

Length: 94.29 in

Width: 2.95 in

Height: 3.11 in

Electric

System power: 3.7 W
